

Year 2 – Chesterton and Other Places

CRUCIAL KNOWLEDGE

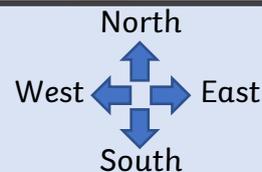

I live in England, which is a country

Every country has a capital city

London is the capital city of the UK

The coast is the part of land which meets the sea

Countries are made up of lots of different places: villages, towns, cities

Extended Knowledge

Our country is made up of big cities like Manchester, Birmingham and Liverpool and smaller towns and villages like Chesterton and Manifold

We are located in the Midlands, in between Birmingham and Manchester (2 of the biggest cities in England)

Urban areas are places that have lots of buildings and people that live and work there

Rural areas are places that have lots of fields and not many buildings

Coastal areas look different to Chesterton (beaches, seas, cliffs, ports, piers)
